Let it snow! Christmas time!

A Live Lesson: Finland

*By Marina Strengell,
Teacher of English Literature*

A Finn takes on 17th December 2015 the highroad to Nicosia and heads for The School for the Deaf to give us a presentation on his country - Finland. He talked to us about bears & wolves, reindeer & elks, snow & ice, Santa Claus & Northern Lights, lakes and saunas and forests and more,

much more... The children had a chance to practise their English. They asked questions and made their comments. Teachers also gave their input and jokes were made all round. Mrs Elsie Price (the Acting Head) honoured the occasion with her presence and contributions. We all had fun!

Mr. Tom Strengell left us wanting more and was made to promise to visit the school again. Thank You - 'Kiitos', Mr Tom! :D

Reindeer Stories...

By Spyroula Timotheou, Georgia Neophytou and Christina Katsiartou
Lyceum B' Class

Reindeer Stories...

Prancer is Dancer's younger sister. She is the clumsiest reindeer of all. Santa kept her on the Team, but only because she has the best sense of direction of the whole Team. Prancer navigates the Team through clouds, big cities, and long stretches of country!

Reindeer Stories...

Dancer is the prettiest of all the Reindeer girls. She also did some modeling for the North Pole clothing catalog. Dancer has always fancied Dasher, but she hasn't told anyone yet.

A real letter to Santa!

By Georgia Neophytou, Lyceum B' Class

Dear Santa

I have a grate idea. On Christmas when you are in every ones house you could take all of the guns and putthem in your sack and hide them at the North pole and then no one could kill anyone anymore in the world. Thank you!

'Thank You' in foreign languages

By Christina Katsiartou,
Lyceum B' Class
